ФАРОМ

1965

FOREWORD

Since man first faced the open seas, he has depended upon a lighthouse for guidance. For hundreds of years, storm-beaten sailors have watched for the light to warn them of land, or dangerous rocks and reefs.

One of these lighthouses was located on the Isle of Pharos, in Egypt. Constructed of stone, it was not the slender tower that forms today's lighthouse. The Pharos of Alexandria was a massive edifice that rose 445 feet; higher than a thirty-six story building. Since it was the largest lighthouse ever built, it became one of the Seven Wonders of the World. From it, we have derived the name of your annual.

We of this year's annual staff, s i n c e r e l y hope that the 196S "Pharos" will serve as your COA lighthouse. May you use this annual as a guiding light for your future years. May it also serve as a light of r e m e m b r a n c e; recalling many memories of friends, and of the days you spent at the College of the Albemarle.

Miss Boomer was one of the first faculty members to come to the College of the Albemarle. She was here before the college opened its doors, working to create a library adaptable to the courses that were to be taught. Because of her unending efforts, Whitehurst Library contains substantial material for research in all subject fields.

Because of her dedication to the college, and her help to the students, we dedicate the 1965 ΦΑΡΟΣ to

Miss Hortense Boomer

Just as a lighthouse guides voyagers to safety, so does Miss Boomer guide us on our quest for knowledge.

A Time to Teach...

DR. ROBERT 1. HISLOP
President
L.L.B., L.L.M., Brooklyn Law School
of St. Lawrence University
Ph. D., University of Colorado

Colin Hislop and — SANTA CLAUS!

So — the blue print's off an inch.

Dr. Hislop became President of the College of the Albemarle in 1963. Coming to Elizabeth City from High Point College, he has worked to improve our college. Due to his efforts, COA's field of study has expanded to cover a Technical-Vocational Program, as well as a Learning Lab. Besides serving as President, Dr. Hislop teaches Economics.

DR. ROBERT BARRINGER
Dean
B.S., Wake Forest College
Ed. D., University of Florida

Dr. Barringer is a relatively new addition to the faculty of COA. He became Dean of the college in 1964. Though he has been here but a short time, he has added a great deal to the growth and unity of the college. Dr. Barringer teaches History in addition to serving as Dean.

WALTER MELKO
Assistant Dean of Technical and Vocational Education
B. S., Florida Southern; Ed. D., University of Florida

Mr. Melko came to COA in 1964 and immediately began setting up plans for the Technical - Vocational Program. Beginning as Night School course, the program has grown into a full-scale field of study. It covers courses in Electronics, Technical Writing and Industrial Psychology.

Library Assistants

WELCOME TO WHITEHURST LIBRARY

In 1961, Whitehurst Library opened its doors for the first time. Mr. Walter Davis, of Midland, Texas, gave $15,000 endowment to the college and asked that the library be named in honor of Mrs. Willie Whitehurst, former sixth grade teacher at Sheep-Harney School.

The library, which is constantly expanding to meet rising student enrollment, now has 11,289 books for use and is expected to have over 12,000 by the end of the year. Also included in the library are 141 filmstrips, 85 records (music, drama and language), and 145 periodicals.

The college library is headed by Miss Hortense Boomer, who is assisted by a staff of library assistants.

No Danger — posed picture!

"But Mac, I was only trying to help."

"Now it's PEPSI..."

...and this is what happens to people with overdue library books.

"Aluminum motor."

"Have you heard the joke about Joshua and the bull?"

Don't you think he'd make a cute Vice President?

When we go by, grab the camera.

Well, she told me to go climb a tree.

WHAT??? 2 + 2 = 5?????

Thank you, I think it's a rather cute hat, too.

Got to keep this Pepsi hid!

Fumble on the field!

People... and cups.

Me? I'm for... what's his name.

Technical -

The basic aim of the Technical-Vocational program is to prepare qualified technicians in pre-selected fields. Each course of studies is designed to give the student an overall background in his chosen field, thereby increasing his employment opportunities.

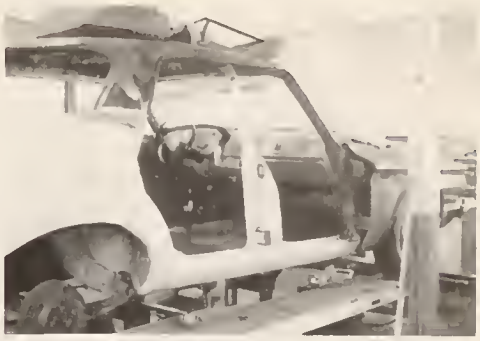
Mr. Sherrod, at work in the Electronics Lab.

Mr. Shorkey instructs Barry Askew on the use of a lathe.

Educational facilities at Weeksville.

Application of principles learned in drafting.

Vocational



Reincarnation.

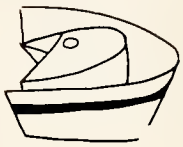
The Technical program emphasizes the understanding of basic principles of science, rather than the acquisition of manual skills, which is the objective of the Vocational program. The Technical program offers laboratory classes designed to give practical demonstration and use of modern equipment and to illustrate basic theory. The Vocational program utilizes actual shop practice, to develop a high degree of competency in various skill areas.

Automotive class.

Mr. Shorkey and his class, Barry Askew, Lin Weeks, Jackie Craig and Gene Hassell.

Machine Shop.

Instructors: Dorothy Dilday, R. N., Instructor; Mildred Moore, R. N., Supervisor of Teachers; Caroline Roper, R. N., Clinical Instructor.



Freshmen

Bottom row: Kathryn Roberson, Nell Overton, Janet Bradley, Janice Baynor. Top row: Dot Godfrey, Daisy Pury, Lilian Spivey, Charlotte Elliott.

Nursing Education

Christmas Parade Float.

Sophomores

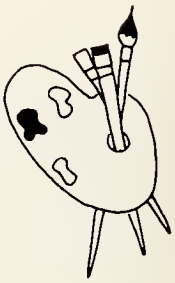
Bottom row: Dolly Peoples, Betty Parker, Pat Richardson, Charlotte Evans. Top row: Mae Privott, Ruth Bray, Vernice Spellman, Gloria Dowdy.

The Nursing Education program is designed to provide the individual student with the opportunity to attain the knowledge and skills needed for the safe and effective practice of nursing. This program is the basis for a supply of adequately prepared practical nurses to meet the nursing needs of the community.

Night Classes

Artist at work.

Dr. Sexaur, and his class.



Algebra class.

The part-time evening classes are developed to fit the needs of industry, business and individual training desired by members of the community. Due to the flexibility of these programs, courses are tailored to specific needs. New programs are initiated as the need in indicated by surveys, interviews and sufficient enrollment in individual classes.

What does it take to make a good Annual? This year's "Pharos" has learned that the formula for a successful Annual is hard work, patience and ideas. We hope that through this combination, under the leadership of our Editor, and the guidance of our Advisor, that the 1965 ΦΑΡΟΣ will be a book you will never forget.

GO! DOLPHINS! GO! These are the words that followed the COA Basketball team through their victories and defeats. The cheerleaders followed the team to all the games—whether in person or in spirit. Taking on a real collegiate look this year, with an equal number of boys and girls, the school spirit was really given a boost. Under the leadership of Mike Freeman, their enthusiasm provided an example for everyone.

Leaving so soon?

The Rising Sun

The student newspaper has only a few simple objectives. The first and foremost of these is presenting the news. Its purpose is that of informing the students of current events, past incidents, and future plans. Through "The Rising Sun," the College of the Albemarle and its occurrences are presented to the public. Thus, this newspaper becomes a vital means of communication between the student body and the community.

Let's Dance.

What are you waiting for?

Hey, this is no time to sleep.

Let's not fight over it.

And away we go!

Up in the air over basketball.

Intramurals

The Intramural Program at COA this fall, was comprised of a cross country run and a tennis tournament. Both of these events are to be repeated this Spring, with the possibility of added events.

Track

Madison Phillips wins COA's first Annual Cross Country Run.

In late October, the first Annual Fall Cross Country Run was held. This event began and ended at the college campus, and ran through a vicinity south of COA, a course of 2.5 miles. Of the fourteen contestants, Madison Phillips placed first with a time of 13.22. Placing second was Mel Barnette, and third, Warren White. Clay Allen and Leon Williams placed fourth and fifth, respectively.

Tennis

Sure hit!

Also held in October was the Tennis Tournament. Susan Cox won the Women's Division Title. The Men's Division contest was uncompleted.

Susan Cox bows to her partner.

COA's Top Sport!

Temper, Willard!

Faster than the eye.

"Don't call me a cheat!"

Friends, again.

Sportsmanship

And in the world, as in the school
You know how fate may turn and shift
The prize be sometimes to the fool,
The race not always to the swift.
Who misses or who gains the prize
Go, lose or conquer as you can,
But if you fall or if you rise
Be each, pray God, a gentleman.

I would like to express, at this time, my gratitude to my staff, especially Alice Ann Oliver and Madison Phillips, for their time and effort in the preparation of this Annual.

I would also like to thank our Advisor, Mr. Walter McCraw, for his patience and guidance; and to the faculty and students for their cooperation.
